# Programme Manual

On 19 November 2010, a new updated version of the Programme Manual was published. The following points in the Programme Manual have been **clarified**:

- § 2.6 "Match-funding provided by the partners": some further explanations about the management of project partners' match-funding, particularly in the framework of shared costs have been provided together with practical examples.
- Annex 4: a clarification about the time available for a project to submit the final progress report has been added.
- Annex 7: a specific paragraph on the way to fill in the application form in case of shared costs has been inserted.

The amended document including these last clarifications shall be **valid retroactively** for **all approved projects** in the framework of **all calls for proposals** launched by the INTERREG IVA 2 Seas Programme in the 2007-2013 programming period.

The revised version of the Programme Manual, dated 19/11/2010, is from now on available on the Programme web-site at the following address:
